Prof. Leroy H. Hutton,

Dear Sir,

Will you please
send on, as soon as conven-
ient, the two volumes on bot-
any from the Geological Sur-
vey of Calif. by Brewer and
Hutton.

Dr. J. C. Merriam of this city re-
ferred me to you and said
that he thought you would
make some reduction in the
price of the books if I mention-
ed the fact that I work in
Lotamy.

Not knowing the exact price
I do not remit money but
if you send them by mail
I will do so immediately

Los

on receiving them. If you do
not wish to do that send
them by express C. O. D.

Please address
